RUCKINGE PARISH COUNCIL
Appendix A to the Minutes of the Ordinary Meeting held on 11th December 2025

Minute Reference:
Agenda Item 7 – Playpark

Background

The minutes record that the playpark slide had been condemned and removed at a cost of £240.

Following the removal of the slide, a further safety inspection identified that the remaining play equipment within the playpark was also unsafe and required removal.

Financial Clarification

The contractor removed the remaining play equipment from the site and subsequently issued **one combined invoice** covering:

• Removal of the condemned slide
• Removal of the remaining play equipment

The **total cost of the works was £528**, invoiced as a single combined charge by the contractor.

Record Statement

This appendix is provided to clarify the Council's records where the minutes refer specifically to the slide removal but the contractor's invoice includes both the slide removal and the removal of the remaining condemned play equipment.

The appendix is included to ensure the Council's minutes, invoice records and financial documentation correspond for audit purposes.

Recorded by:
Emily Arnold
Clerk to the Council / Responsible Financial Officer
